The dry spell is broken.

The stove will soon be in demand.

The Panama hat and the Panama canal both seem to be back numbers.

Roswell has the artesian water, but it is hardly ready for a convention hall.

El Paso is going to build a convention hall, and also bore for artesian water.

While Chicago, St. Louis and Kansas City are quarrelling over contaminated water Roswell is enjoying the purest water from below and above.

The Alabama legislature by a vote of 60 to 32 has declared the boycott a conspiracy and has given it a heavy penalty. It is now in order for the boycott to boycott Alabama.

If Roswell is to secure free delivery to which she is entitled it must build sidewalks and secure more light. The wet weather emphasizes the need of sidewalks, and every night is an object lesson of the poor light service.

Something Wrong

If the papers are reporting Mr. J. Healy correctly, he is telling the Denton and Decatur people that Roswell has already given a bonus to the D. D. & W. and that work has commenced at this end of the line. Either the papers are misquoting Mr. Healy or Mr. Healy is misquoting the truth. As a politician once said, what is the use of lying when everybody knows you are lying. So what is the use of telling our Denton and Decatur friends these things when there is no truth to them. Such statements put the promoters of the D. D. & W. in a bad light. It is hard to build a railroad on wind, but it is much harder to build it on lies.

THE RECORD trusts that Mr. Healy has been misquoted. Roswell would like to have the proposed D. D. & W. In fact we would like to have anything that comes to us in the shape of a railroad, but in our anxiety for a new road there is no use to appeal to a lurid imagination. Roswell has as yet given nothing to the D. D. & W. The proposition has not yet been placed before her. Neither is there any dirt flying on this end of the line; up-to-date the only dirt flying seems to be the dust that is thrown in the eyes of the people of Denton and Decatur. Explanations are in order.

A Fine Display.

The display J. F. Patterson, the harness and saddle maker and at the fair grounds was a very creditable one and one of the finest displays of the kind ever shown in the west. Mr. Patterson was in constant attendance and gave away hundreds of souvenirs.

A leather watch fob with a saddle and his name and address stamped on it in raised work. The saddle he gave as a premium for the most graceful lady rider, was a beauty and Mrs. Cazier, the winner, can take a just pride in same. He had quirts, cowboy ropes, bridle, spurs and bits in the display and was complimented on all sides for the excellent display. It has been a saying for a long time "If you got it from Patterson you got the right thing at the right price." J.F. Patterson's name stamped on a saddle is a sure guarantee of its superiority.

SIXTEEN MEMBERS.

The Book Club is an Exclusive Organization and Will Not Have but Sixteen Members.

Mrs. S. T. Peter entertained the Book Club at her home one half mile east of town Saturday afternoon, from 3 to 5 o'clock.

There was a full attendance of members and also a number of visitors. A most delightful afternoon was passed and refreshments served.

The musical program was very fine and Mesdames E. A. Lewis, W. L. Hill, S. T. Peter and Sidney Prager took part much to the enjoyment of the gathering.

Mrs. L. W. Martin told a bear story and was heartily endorsed. She responded with a German recitation which was well received.

The Book Club is an exclusive organization, only allowing sixteen members and will accept new members only in case of death or resignation. Mrs. J. G. Ewell sent in her resignation and there were three applications for membership. Each applicant was voted on by the members. Mrs. Wall receiving the highest number of votes, was elected, making the required membership of sixteen.

Notice.

The ladies of St Andrews' Guild will give a Dime Tea on Wednesday next, 30th inst., from 2:30 to 6 p. m., at the Rector's residence, 509 N. Spring avenue, for the benefit of the Guild Funds.

A large attendance of the members and general public is earnestly desired.

Good for Artesia.

F. C. Stawn and A. L. Circle of Alva, Oklahoma, who arrived here yesterday and were at the Grand Central, left this morning for their home and will return to Artesia in about ten days where they have bought property and will make Artesia their future home. They have an artesian well drilling outfit on the way to Artesia and will drill wells on their property in the near future and improve the land. Mr. Circle is a Virginian originally and owned a steam laundry in Alva, and Mr. Stawn is an Alva druggist but will close out the business before he returns.

Health Plumbing.

The bath and the sanitary arrangements of the house should be the first consideration. The nearer these are to perfection the fewer demands there will be upon doctor and drug store.

Our plumbing work is as near perfection as skill, experience and the use of high grade material can make it.

We charge enough for our work to insure high quality but not more than is fair.

Barn Paint

is as necessary to the proper protection of the barn and out buildings, as house paint is to the house. Although the barn may be built of coarser lumber and less expensive material throughout, it deserves to be painted, and should be if you want to increase the life of the wood.

THE SHERWIN-WILLIAMS CREOSOTE PAINT is made especially for use on barns, fences, roofs, and all buildings built of rough or coarse lumber. It contains "creosote", a disinfectant that prevents decay. It is good paint at a moderate cost. Get color cards and prices.
